## END OF REPORT

This is a genuine inspection performed by the Import QC inspector network, published as a sample with client and supplier identities withheld. The results reflect our findings at the time and place of inspection. This report does not relieve sellers/manufacturers from their contractual liabilities or prejudice buyers' right to compensation for any apparent and/or hidden defects not detected during random inspection or occurring thereafter. © Import QC · [www.importqc.com](http://www.importqc.com)
